They also assist with reimbursement for a portion of shooting sports leader certification training. Many of the awards and membership pins given out at achievement night are sponsored by the foundation. Several higher education (college or trade schools) scholarships are also provided. This is just a small example of what the Foundation supports. Please sell the 25 tickets or more for the carnival as requested. Tickets will be available in early January. 2019 4-H Carnival “BE AWARE” of Changes

March 2nd will be here very soon. The Board of Trustees is looking forward to 100% participation by clubs not only by selling their 25 carnival tickets but also in preparing a basket to be auctioned off and hosting a club booth.

Notice that on the carnival ticket stub that the drawing prizes has changed – the quantity has increased rather than only having three cash prizes we are now offering six. The foundation has also increased the cash prize for the youth selling the most tickets - \$100 to the top seller!

Clubs we need you to get your members to turn their money and ticket stubs in on carnival day. We can no longer drag out our accounting. ALL funds MUST be turned in by March 11 or their will be a cash penalty to your club. There is also a \$100 cash prize to the club having the highest average number of tickets sold. To be eligible for this the club must have all their funds turned in by the end of the day of the carnival, March 2, 2019.

Remember the Larimer County 4-H Foundation is the funding arm of our 4-H program. Established 66 years ago the foundation is hosting its 60th carnival as the main fundraiser for our county 4-H programming. The foundation supports each and every 4-H member and if you are not sure how just ask a member of our board of trustees or visit our website. www.larimercounty4hfoundation.com

Livestock Field Day

2019 Livestock Field Day is schedule for Saturday, February 23, at The Ranch. This is an opportunity to meet the Meat Quality Assurance (MQA) requirements and learn so much more. Save the date, you won't want to miss is. See flyer.

Colorado 4-H MQA Requirements

4-H members enrolling in any market and/or breeding livestock projects for the first time regardless of age, must attend a Colorado 4-H Meat Quality Assurance (MQA) program. A Colorado 4-H Meat Quality Assurance (MQA) program is considered to be either a training conducted using a Colorado 4-H MQA trailer or the Colorado 4-H MQA Power Point. All Colorado 4-H MQA programs must be conducted by the County 4-H Agent or approved designee.

4-H members will be required to attend a Colorado 4-H MQA program a minimum of twice during the course of their 4-H career – once as a junior and once again within one year after becoming a senior 4-H member. Members are encouraged to review the information and best practices found in the Colorado 4-H Meat Quality Assurance program annually.

4-H members enrolled in market and/or breeding livestock projects will sign the Animal Care & Housing form, indicating their understanding of and compliance with the good production practices taught in the Colorado 4-H Meat Quality Assurance program. Consequences for failing to comply with the Animal Care & Housing standards/Rules of Competition/4-H Code of Conduct/Colorado 4-H Youth Development Policies may result in removal from all 4-H livestock projects for the member/family. The Animal Care & Housing form must be filed every time the member signs up for any market and/or breeding livestock project. The Colorado 4-H MQA program suggests that records be kept on file for twelve months following the sale of any project livestock.

The above-mentioned guidelines are minimum standards, and 4-H Agents or 4-H livestock committees may require more Colorado 4-H MQA trainings as needed.

Additional quality assurance certifications may be required by fairs, shows and sales. It is the sole responsibility of each individual exhibitor to review fair, show and sale rules for events they plan to participate in or attend, and to comply with any additional certifications at their own expense.

For Example: Certifications such as the Youth for the Quality Care of Animals (YQCA) may be required by fairs, shows or sales. In such a situation, The Colorado 4-H MQA certification is not a substitute for any fair, show or sale's additional certification requirement.

- February 23, 10:00 a.m. - 3:00 p.m.
Exhibit Hall, McKee Building, The Ranch

Shooting Sports

Shooting Sports Policy

Larimer County 4-H Shooting Sports has established the following uniform required practices policy. All participants must attend a minimum of four (4) county practices for each discipline in which they wish to participate in the County Shoot. If the youth is participating in .22 rifle and air rifle, the youth must attend two practices in each rather than four in each. The information, orientation and/or safety meetings will be required, but do not count as a practice. Two club practices conducted by a state certified leader in the discipline will count if the following conditions are met: List of planned Club practices must be sent to the Extension Office by April 1. A list of additional practices should be submitted one week prior to the time the practice is held. Other 4-H members who call may participate in the practice provided the range will accommodate increased numbers. The attendance list must be signed by the certified 4-H Shooting Sports Leader and sent to the 4-H Extension Agent within a week for the practice to count.

Shooting Sports

Larimer County offers nine shooting sport disciplines: Archery, Air Rifle, Air Pistol, Shotgun, .22 Rifle, .22 Pistol, Muzzleloading, Western Heritage and Outdoor Skills. Larimer County requires that all 4-H participants attend a minimum of four (4) county practices for each discipline in which they wish to participate in the county shooting competitions. (see Shooting Sports Policy) Practices are not required to complete a shooting sports project. To complete a shooting sports project you must complete a record book and present a topic or display board over something in your discipline. The County Shoots are held in late June and July, generally on a weekend. A youth must participate in a county shoot to qualify for the state competition. To participate in a state competition a youth must have a hunter education certificate. A bow hunter card is satisfactory for archery participants. Larimer County requires members to exhibit at the county fair and must receive a red ribbon in order to participate in the State Shooting Competition.

For practice dates please look at the calendar in this newsletter or visit <https://www.lc4hss.org/>

Native Plant Master Courses

Colorado State University Larimer County Extension is accepting applications for the upcoming Native Plant Master (NPM) courses. Are you interested in learning more about the native plants found in Larimer County?

NPM courses focus on identification, ecological relationships, and human use of plants, emphasizing sustainable landscapes and invasive weeds.

Participants will learn to use a botanical key, including learning scientific names and families.

The Application and Program Guidelines for additional information, visit our website at: <http://larimer.extension.colostate.edu/>

Support the Larimer County 4-H Foundation

Ever Shop on Amazon? Well now you can support the Larimer County 4-H Foundation through Amazon. When you need anything from amazon go to smile.amazon.com and select Larimer County 4-H Foundation and the foundation will receive 0.5% of the sale. The pricing is exactly the same as amazon but now you are supporting Larimer County 4-H. A great fundraiser without any out of pocket expenditure.

Do not forget about those King Soopers Cards – a gift card with \$10 loaded on the card cost is \$10 and every time the card is reloaded with funds the Foundation receives 5% of the reload amount. The rebate check is sent after there has been \$5000 in reloads – this has the potential to be yet another great fundraiser for the Foundation. The Foundation benefits each and every 4-H member in Larimer County.

Contact Cindy Buckardt (csb@frii.com) if you would like a card or cards. These make great gifts for employees – they can be used for fuel as well.

WHAT IS THIS?

This is a series of workshops hosted at the McKee 4-H community building where you can learn how to take better pictures by participating in fun hands-on activities! At these workshops, we will assist you with your 4-H photography project, so you can be successful while having the best possible experience!

WHO CAN PARTICIPATE?

Anyone in the 4-H photography project, in any unit, can come and learn. These workshops are mostly focusing on photography, however, 4-H filmmaking members are welcome to come as well. **If you would like to attend, please RSVP with your name and unit at gduponphotography@gmail.com**

DATE & TIME	WORKSHOP FOCUS
Wednesday, March 13th, 6:30 PM	1st ~ The Orientation <i>This first workshop is a project orientation, which will cover information about each unit in photography & filmmaking, the requirements of both projects, some basics of photography, and an introduction to the series.</i>
Wednesday, May 1st, 6:30 PM	2nd ~ Understanding Exposure <i>We will be exploring the exposure triangle (aperture, shutter speed, ISO), histogram, metering modes, and exposure programs at this workshop.</i>
Wednesday, May 22nd, 6:30 PM	3rd ~ Capture The Perfect Shot <i>This workshop will again be exploring on aperture, shutter speed, and ISO, except this time we will be working on the artistic effects that are caused from them such as depth of field, motion blur, noise, etc. We will also be exploring white balance, file formats, cropping, image resolutions and focusing methods as well.</i>
Wednesday, May 29th, 6:30 PM	4th ~ Focus Beyond The Camera <i>At this workshop, we will explore photography from what we see in front of us. Things we will explore include natural & artificial lighting, using a flash, posing, and composition.</i>
Wednesday, June 26th, 1:00 PM	5th ~ Sharpen Your Perspective <i>This workshop will mostly be experimental as we try to be image capturing artists while being guided to sense, feel, and see what is around us. This is the least technical part of photography, but it is perhaps also the most difficult to hone.</i>
Wednesday, July 10th, 1:00 PM	6th ~ Putting Together Your Project Binder <i>For the final workshop before the fair, we will be focusing on finishing your 4-H photography project. We will be covering record books, printing & framing photographs, organizing your selection of photos, and how to neatly put it all together.</i>

Members are encouraged to bring their camera for all of the workshops except the first (1st) and last (6th) workshop.

Wanting to donate High quality homing pigeons for sport or humane bird dog training.

Gender is unknown so some reproduction is highly possible

Fun and easy to train

A joy to watch fly (super fast and agile)

As for responsibility:

Can be fed 1x daily, Fresh water required daily

Vitamins recommend but not mandatory

You will need a caregiver if out of town

Loft should be cleaned 1-2 times each month

Other notes:

Birds may need to stay in loft for 1-3 months once transferred before flying

Hawks are natural predators, Some cost for initial supplies

I'm willing to donate the loft but a better one should be planned

I am happy to donate time to teach either for sport or bird dog training

I can be reached at 970-443-0022 if anyone wants to discuss

Thanks!
