

Colorado 4-H

Youth Development Policies

This publication is a summary of state level policies for the Colorado 4-H Youth Development Program. This publication will be reviewed annually by the Colorado 4-H Roundtable.

This policy manual addresses topics usually associated with delivery of 4-H programs in the organized club setting. However, many items may also pertain to other 4-H delivery methods. The seven 4-H delivery methods include organized clubs, school enrichment, special interest/short term programs, school-aged childcare, camping, instructional television/web and individual study. More information can be found on our web site at: <http://colorado4h.org>.

These policies are minimum requirements that apply to all 4-H programs. Counties may have stricter policies.

Colorado 4-H Vision

A world in which youth and adults learn, grow, and work together.

Colorado 4-H Mission

4-H empowers youth to reach their full potential by working and learning in partnership with caring adults.

Statement of Non-Discrimination

The Colorado 4-H Program prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, or marital or family status.

Organization and Administration

The Cooperative Extension System (CES) was established when the U.S. Congress passed the Smith-Lever Act in 1914. CES educational programs are centered in the land-grant university in each state. Major program areas are agriculture, family and consumer sciences, 4-H youth development, natural resources, and community development. Colorado State University is the land-grant institution responsible for the administration of the Extension program in Colorado. The State Extension director is ultimately responsible for the administration of all Extension programs. Administration of the 4-H program is delegated to the State 4-H Program Leader. Funding for CSU Extension faculty and support staff is provided by federal, state, and county sources.

4-H Membership/Age

4-H age is the age of the individual on December 31 of the current 4-H year. The 4-H year runs from October 1 to September 30.

- Cloverbud: 5-7 years old
- Junior member: 8-10 years old

- Intermediate member: 11-13 years old
- Senior member: 14-18 years old
- Adult volunteer leader: 19+ years of age.
- Some volunteer leader positions require a minimum age of 21.

Requirements to Join Organized 4-H Clubs

- Be of the appropriate 4-H age as listed previously.
- Enroll in 4-H via 4HOnline.
- Enroll in at least one (1) 4-H project per year.
- Sign a 4-H member Code of Conduct form.
- Pay state and local 4-H fees (scholarships may be available based on need).

4-H Project Completion Requirements

- Participate in a 4-H related (subject matter or audience) demonstration or speech-arts presentation.
- Participate in a 4-H sponsored community service activity.
- Complete any additional county level requirements.

4-H Member in Good Standing

Participation in certain county, state regional and national events is limited to those members who are in "good standing" with their club and county and the State 4-H Program. This includes:

- Being enrolled in an organized 4-H club or program.
- Abiding by the 4-H Code of Conduct.
- Meeting deadlines.
- Attending a majority of club and project meetings.
- Completing at least one project.
- Meeting any additional county level requirements.

Participation in State, Regional and National 4-H Events

4-H members in “good standing” may be eligible to attend state, regional and national 4-H events.

- Youth may attend a regional or national 4-H event/conference/contest only once per qualifying activity.
- Youth must be certified as official participants by the State 4-H office.
- Youth must meet all individual event eligibility requirements.

Requirements for Receiving a USDA 4-H Charter

Establishing a new 4-H club requires applying for a USDA Charter. The requirements for receiving a charter include:

- Recommended membership of at least five (5) youth from at least two (2) different families.
- Having a local leader guide the club.
- Officers, a constitution, and bylaws.
- A written plan of activities.
- Holding regular meetings.

Applications are available on the State 4-H website and should be signed by the club leader, club president and county agent and submitted to the State 4-H Office.

The USDA 4-H charter, once issued, is valid for as long as the 4-H entity receiving the 4-H charters exists.

4-H Club/Group Annual State Chartering

All 4-H clubs/groups must be chartered annually by the Colorado State 4-H Office to be recognized as an authorized Colorado 4-H

club/group. Required chartering documents include:

- Annual Charter Application in 4HOnline.
- Constitution and bylaws that indicate the club will comply with federal, state, and local requirements for non-profit, educational program status. The dissolution clause must indicate that the club/group assets, including money and equipment, shall become the property of the county 4-H program.
- Year-end financial report and bank statement.
- Annual review of club/group fund.
- Annual proposed budget.
- Annual plan of activities.
- Affirmative Action Report. Clubs are required by law to be open for membership to all youth of eligible age regardless of race, color, gender, national origin or disability.

4-H Events/Chaperones

- All participants at overnight 4-H events must have a current health form and code of conduct.
- All chaperones must be 21+ years of age.
- Chaperones must be approved, enrolled volunteers, and must participate in chaperone training/orientation.
- Staffing (adult chaperones, agents, etc.) of events will meet the following ratios:

Age of Youth	# of youth	Minimum # of adults
6 - 7	6	1
8 - 10	8	1
11 - 13	10	1
14+	12	1

Child Protection

- All employees, volunteers, and others acting on behalf of the University are required by the CSU Protection of Minors Policy to report actual or suspected abuse to their immediate supervisor.

- All employees and volunteers are expected to abide by Colorado 4-H Safe Environment Best Practices and the Code of Conduct for interacting with minors outlined in the CSU Protection of Minors policy.

Alcohol/Marijuana

- The Colorado 4-H Youth Development Program has no tolerance for the possession or use of alcohol, marijuana or other illegal drugs at youth events. 4-H prohibits the unlawful distribution, dispensation, possession, or use of controlled substances, illegal drugs, and alcohol by youth or adults. The use of e-cigarettes, personal vaporizers, or vaping devices (a device used to vaporize an active ingredient of plant material commonly cannabis, tobacco or other herbs or blends for the purpose of inhalation) during 4-H events and activities is also prohibited.
- Searches of personal rooms, vehicles and belongings may occur, and law enforcement will be called if necessary.

Simulated Combat Sports

- Activities including but not limited to paintball guns, air-soft laser guns, and archery tag equipment inappropriate in any 4-H program or activity.
- Pointing any type of gun including paint ball guns, air-soft guns, laser guns, laser paint-ball archery tag bows & arrows or sighting devices at any person or any humanoid shaped target is inappropriate in any 4-H program or activity.

4-H Driving Policy

- Youth may not drive passengers to out-of-county events without written permission from the parents of the driver and passengers.
- Youth who drive to an event must receive permission from the 4-H agent or adult in charge to continue use of the vehicle during the event.

- All drivers must follow State of Colorado laws, including but not limited to: a valid driver's license, adequate insurance and seat belt use.
- It is expected that any vehicle used to transport 4-H members is maintained so that it is "safe and reliable" for the conditions, weather and distance in which it is to be driven.

4-H Name & Emblem

The State 4-H office is responsible for any 4-H Name and Emblem authorizations that cross local jurisdictions. Local/county offices (through the delegation of the State 4-H office) are responsible for any 4-H Name and Emblem authorization limited to their county.

Other uses must be authorized by the state 4-H Program Leader.

Volunteers

The volunteer leader is the heart of the 4-H program. A leader serves in a multitude of roles. These range from working at the club level to supervising other volunteers at the county, regional, or state level. Formally organized groups of volunteers and Extension Agents serve in advisory roles to administrators. Their counsel is sought in determining priorities and content for program development. They assist with carrying out the 4-H mission.

The purpose of the 4-H program is positive youth development. All decisions and actions carried out on behalf of the 4-H program should always keep this goal in mind. Negative or abusive treatment of youth, by staff or volunteers, will not be tolerated. Even though adult volunteers are an essential part of the 4-H program, the focus of the program is always on positive youth development.

All 4-H Volunteers will:

- Fill out a volunteer application form, including references.
- Complete the state 4-H volunteer orientation.
- Undergo a CSU background check.
- Complete and sign a 4-H leader enrollment form on an annual basis.
- Complete and sign the Annual Appointment Agreement.
- Comply with federal, state, and local reporting and accountability requirements, including 501(c)3 non-profit, fiscal, EEO/Affirmative Action, etc.
- Serve at the request of CSU Extension and that request can be withdrawn at any time for any or no reason.
- Volunteers not enrolled in 4-H for one year or longer will be required to re-apply and complete all new volunteer requirements.
- All volunteers will comply with the 4-H Code of Conduct.
- Authorized volunteers are protected from liability under the Governmental Immunity Act (24-10-101CRS et seq) and the Risk Management Act (24-30-1502CRS et seq). Liability protection is provided only for actions within the scope of responsibility and if such actions are not willful and wanton. The performance of any “job” or in any position must be for the benefit of, at the request of, and under the supervision of the state.
- Transfer of a volunteer leader from one county to another requires approval from both counties.

Accommodations for Protected Classes

When volunteer training is required (such as with 4-H shooting sports certification), Extension programs are required by law to accommodate protected classes. Example: If a volunteer cannot attend a required training on a Sunday because of religious reasons, we must make an accommodation for such a request. Scheduling conflicts with other meetings or activities do not rise to this level of accommodation.

Independent Membership

The 4-H Youth Development Program is an opportunity for CSU Extension to provide an educational environment for the positive development of diverse youth to enable them to realize their full potential. The 4-H club is the foundation for this environment, and potential members are strongly encouraged to use all their resources to find a club compatible to their educational needs, life-skill development and family situation. However, this may not always be possible.

The following set of criteria is used to determine candidacy of individual youth for independent membership in county 4-H Youth Development Programs. Each request for independent membership will be reviewed on an individual basis by professional staff members of the local CSU Extension office. In addition, county level 4-H programs can opt to not allow any independent memberships. Reasons for independent membership include but are not limited to:

- living outside a 25-mile (one-way) driving distance of an existing 4-H club
- lack of transportation to 4-H club meetings due to personal circumstances (including parental health or the work schedules of parent(s) or guardian(s))
- personal safety or health of potential member

Requirements for county 4-H independent members:

- Submit application and written plan of work including learning objectives of what the member is to accomplish in his/her project work. The plan of work must include a community service project.
- Written reports will be required from the member on specific dates as set by the county program.

- An on-site visit may be conducted by a local CSU Extension agent with proper notification of the independent member.
- The independent member and his/her family will abide by all county and state 4-H Youth Development policies and rules applicable to members of the 4-H Youth Development organization.
- Independent memberships will be reviewed annually to determine whether conditions still exist to qualify the members for this membership classification.
- Members or families not abiding by these policies will forfeit the opportunity to participate as independent members in the specific county 4-H Youth Development Program.
- A parent or guardian must enroll as a 4-H Youth Development leader and participate in the county leader qualification program.

4-H Membership in a County Other than the County of Residence

Youth participate in 4-H by belonging to a 4-H club, or any recognized unit of 4-H participation, usually in his or her county of residence. The following policy is observed when this is not the case:

- Youth may join and enroll in projects in only one county at a time.
- Youth may participate as a 4-H member in only one county fair per enrollment year, and exhibit a given project in only one county per enrollment year.
- Membership can be transferred from one county to another when the family moves, when the 4-H member lives part of the year in one county and part of the year in another county, or as other situations arise.
- Written approval by the county Extension offices in both counties is required to facilitate the transfer.
- When a situation exists that necessitates change of residence in mid-year, state and

local 4-H fees will be assessed in both counties.

- Should a county Extension program close, 4-H members residing in that county will not be allowed to join 4-H in another county unless they have been enrolled in another county's 4-H program prior to the closure of the Extension office in the county of their residence.

Cloverbuds

It is neither the intent nor the objective of the 4-H Cloverbuds program to duplicate the 4-H member experiences that are designed for other youth, nor to create a "mini-4-H" concept. While the 4-H Cloverbuds program is a component of the overall 4-H Youth Development Program and 4-H Cloverbud members are recognized as 4-H members for the purposes of enrollment, they are considered to be in a special membership category regarding program and policy. As a result, the 4-H Cloverbuds program is fundamentally different from general membership in 4-H.

Purpose of the 4-H Cloverbuds Program:

The overall purpose of the 4-H Cloverbuds program is to foster the development of life skills that are essential for the cognitive, social, emotional and physical maturation of Kindergarten through 3rd graders by providing a unique educational opportunity. Children in these grades are a distinct audience for 4-H, with unique learning characteristics and developmental needs that are different from older children and youth served through 4-H membership. As a result, the 4-H Cloverbuds program is designed with specific educational objectives and program policies focused on the 5-7-year-old child.

Participation, safety, personal development, learning and fun are the highest priorities in providing 4-H Cloverbuds programs. The policies and guidelines for the Cloverbuds program outlined in this document seek to

ensure that 4-H Cloverbuds members remain safe and have positive, developmentally appropriate experiences in 4-H. State and county programs that offer the 4-H Cloverbuds program are expected to utilize age appropriate programmatic goals, policies, curriculum and cooperation-based methods to give feedback and recognition.

Cloverbuds Youth and Shooting Sports

Cloverbuds age youth and younger are not allowed to participate in any 4-H Shooting Sports activity which include rifle, pistol, shotgun, archery, muzzleloader, western heritage, or hunting disciplines.

Components of the Cloverbuds Program

4-H Cloverbuds programs are activity-focused and not project-focused and built on cooperative learning, rather than competitive activities. 4-H Cloverbuds members participate in occasional, non-competitive, sampler-type, age-appropriate, properly supervised events or activities sponsored or conducted by 4-H groups. 4-H Cloverbuds members do not participate in the ongoing, planned series of activities.

The primary difference between a 4-H Cloverbuds activity and a 4-H project is that a Cloverbuds member engages in varied activities that focus on developing a specific skill or concept utilized in completing the activity rather than focusing on a long-term planned course of study in a specific project (subject) area. As a result, 4-H Cloverbuds members should not have ongoing projects, of any kind, including animal projects, nor should they participate as competitive exhibitors with animals. Within the 4-H program, exhibits are intended to showcase the culmination of a long-term project.

In general, the handling of animals (large or small) requires discipline and motor skills that have yet to be fully developed in most children in the K-2 age range and when coupled with the unpredictable behavior of animals, does not provide the optimal safe educational

environment.

4-H Cloverbuds members that have engaged in a group activity may *exhibit or showcase* in a noncompetitive event or can feature other items from their group activities. However, 4-H Cloverbuds members are not eligible to receive premium funds as a result of exhibition. 4-H Cloverbuds members may receive participatory ribbons but may not receive regular competitive purple, blue, red or white 4-H ribbons.

In addition to the educational focus, 4-H Cloverbuds programs also require additional adult supervision, and do not conduct formal business meetings or elect officers. 4-H Cloverbuds clubs handle their finances differently than 4-H clubs or older children, with most funding issues handled by adults.

Animal Project Related Policies

Please note that violation of these requirements may result in disqualification of all livestock projects for that year.

Animal Care and Housing

All 4-H members with any market/breeding livestock, horse, dog or cat projects will be required to have a completed, signed, and approved "Animal Care and Housing Form for Colorado 4-H Livestock Projects" uploaded into their 4HOnline account and on file at their County Extension office at time of enrollment. It is highly recommended that Colorado 4-H livestock project animals (beef, dairy cattle, sheep, swine, goat, poultry, rabbit, llama and horse) have a premises registration with the Colorado Department of Agriculture.

Helmet Policy for 4-H Horse Projects

A certified equestrian helmet with safety harness fastened in place is required in over fences classes and gymkhana events, activities and practice sessions. Gymkhana generally refers to horseback speed events (timed or un-timed) that do not use livestock. Events that usually fall in this category of events include,

but are not limited to: barrel racing, pole bending, keyhole race, stake race, rescue race, pony express race, etc. Events that are not intended to be included in the policy are events such as calf roping, team roping, goat tying, and team penning that may be timed but use livestock.

It is the responsibility of the parent or guardian of the 4-H member to see that the headgear worn complies with such standards and is in good condition. The State 4-H office encourages the use of ASTM certified/SEI approved safety helmets in all equine events. Protective headgear may be used in all classes and shall not be discriminated against.

Helmet use is encouraged in all 4-H horse activities. Counties may establish more stringent policies regarding helmet use.

Colorado Animal Tampering Laws

Compliance with all Colorado laws prohibiting tampering with or drugging of livestock and/or sale of adulterated meat is mandatory for any 4-H member and/or family member enrolled in a 4-H livestock project. If there is evidence of physical alteration of a project animal to fraudulently misrepresent that animal, illegal drug residue in an animal, or violation of the 4-H Code of Conduct, a member may be classified as a “member NOT in good standing.” If classified as a “member NOT in good standing” the member can be prohibited from exhibiting livestock or participating in out-of-county 4-H activities for up to one year.

Colorado 4-H MQA Program Requirements

4-H members enrolling in any market and/or breeding livestock projects for the first time regardless of age, must attend a Colorado 4-H Meat Quality Assurance (MQA) program. A Colorado 4-H Meat Quality Assurance (MQA) program is considered to be either a training conducted using a Colorado 4-H MQA trailer or the Colorado 4-H MQA Power Point. All Colorado 4-H MQA programs must be conducted by the County 4-H Agent or approved designee.

4-H members will be required to attend a Colorado 4-H MQA program a minimum of twice during the course of their 4-H career – once as a junior and once again within one year after becoming a senior 4-H member. Members are encouraged to review the information and best practices found in the Colorado 4-H Meat Quality Assurance program annually.

It is highly recommended that Colorado 4-H MQA training be completed at least 45 days prior to exhibition of project animals.

4-H members enrolled in market and/or breeding livestock projects will sign the Animal Care & Housing form, indicating their understanding of and compliance with the good production practices taught in the Colorado 4-H Meat Quality Assurance program.

Consequences for failing to comply with the Animal Care & Housing standards/Rules of Competition/4-H Code of Conduct/Colorado 4-H Youth Development Policies may result in removal from all 4-H livestock projects for the member/family. The Animal Care & Housing form must be filed every time the member signs up for any market and/or breeding livestock project. The Colorado 4-H MQA program suggests that records be kept on file for twelve months following the sale of any project livestock.

The above-mentioned guidelines are minimum standards, and 4-H Agents or 4-H livestock committees may require more Colorado 4-H MQA trainings as needed.

Additional quality assurance certifications may be required by fairs, shows and sales. It is the sole responsibility of each individual exhibitor to review fair, show and sale rules for events they plan to participate in or attend, and to comply with any additional certifications at their own expense.

For Example: Certifications such as the Youth for the Quality Care of Animals (YQCA) may be

required by fairs, shows or sales. In such a situation, The Colorado 4-H MQA certification is not a substitute for any fair, show or sale's additional certification requirement.

Animal Identification

All market animals that are 4-H projects must be *individually identified*; i.e., ear tags or other identification.

4-H Humane Animal Care Guidelines

The 4-H Humane Animal Care Guidelines will be reviewed and practiced by every person enrolled in or participating in 4-H livestock projects.

Primary Care of 4-H Animal Projects

4-H members will provide the primary and continuous care of their project animals from project beginning to completion (ownership period). Market swine, market sheep, and market goat projects recommend a minimum 60-day ownership period, and market steers a minimum 120-day ownership period. Random checks are recommended regarding care and feeding of project animals during the ownership period. "Primary" care means there may be rare circumstances when the youth may not be able to provide the necessary care for the animal at a particular time, as in illness, short vacations, etc. On such occasions, another individual may be called upon to provide "secondary" care. Members are required to complete the animal care and housing document.

Live Animal Selection for "Catch-it" Contests

Colorado 4-H will not conduct any selection/qualification process involving live animals related to catch-it contests.

Certified Entries for Livestock Projects at State or National Livestock Shows

4-H members exhibiting animals at state or national livestock shows must be enrolled and be in good standing in the project at the county level.

Competitive Team Related Policies

Combining Teams from More than One County

Combining Sr. team members from more than one county to form a team is not allowed at any state level contest EXCEPT as stated below:

- 4-H members from a county with no viable team program may combine with a county with a viable program. A viable team program is defined as one with a leader or coach willing to instruct and supervise team participants.
- Counties with viable team programs with fewer than four senior participants may combine teams.
- A "Declaration of Intent to Combine" must be presented to, and be approved each year, by the appropriate Colorado State University 4-H Youth Specialist by April 15 of the current year. Counties will not be allowed to combine if declaration has not been presented and approved by the deadline.
- All coaches and 4-H agents of counties involved must approve and sign the "Declaration of Intent to Combine."
- Counties must combine within defined areas or the county with the closest viable team program.

Substitution for National Contests

Winning teams participating in a national contest must include at least two of the original qualifying team members.

Colorado 4-H Shooting Sports Policies

Colorado 4-H Shooting Sports Instructor Certification

A county 4-H shooting sports instructor is an individual who has completed a 15-hour, State

4-H sanctioned shooting sports training and certification workshop. County instructors are eligible to conduct county level 4-H Shooting Sports programs in the discipline in which they have been trained. The Colorado 4-H Shooting Sports Program requires the use of trained and certified 4-H instructors at the county level to operate a live-fire range or to conduct any class in which firearms or archery equipment are handled. In order to be certified as a 4-H shooting sports instructor in any discipline (Rifle, Shotgun, Pistol, Muzzleloader, Archery, Outdoor Skills, Western Heritage) the following requirements must be met:

Age Requirement

- **Instructor:** must be at least 21 years old
- **Assistant Instructor:** must be at least 18 years old, a 4-H member in a shooting sports discipline for a minimum of one year and have attended a state training. They can only instruct youth under the direct supervision of an instructor and only if the instructor is present during the instruction. An Assistant Instructor is not to be in charge of a live-fire range.
- **Teen Leader:** must be at least 14 years old, has leader approval, and has attended a state instructor training. Teen leaders only function under direct supervision of, and request of, a certified instructor who is present during the instruction. A teen leader is not to be in charge of a live-fire range.

Progression of Instructor Status

Assistant Instructor: May progress to Instructor status upon turning 21 providing that they have completed a state training and are actively participating in 4-H youth instruction and/or other State 4-H Shooting Sports events 2 of every 3 consecutive years.

Teen Leader: May progress to Assistant Instructor status upon turning 18 providing that

they have completed a state training and are actively participating 4-H youth instruction and/or other State 4-H Shooting Sports events 2 of every 3 consecutive years.

Assistance from Parents/Adults

Parents/adults may be allowed to assist on the firing line with approval from the county Extension agent or the certified instructor in charge of the line. Parents/adults are encouraged to become enrolled and approved 4-H volunteers in the county in which they are assisting if they are helping on a regular basis. A Parent/Adult Assistant is not to be in charge of a live-fire range.

County Level 4-H Leader Screening and Training

Instructors and Assistant Instructors older than 4-H age must be screened, trained, and appointed as a current 4-H leader through the local county Extension office before attending a State 4-H Shooting Sports workshop.

Certification at a State 4-H Shooting Sports Workshop

Instructors must successfully complete a 4-H Shooting Sports Instructor Training session administered by and/or sanctioned through the State 4-H office.

Training will consist of a minimum of 15 hours of instruction in the use of National 4-H Shooting Sports curriculum, discipline instruction (rifle, shotgun, pistol, muzzleloader, archery, outdoor skills, and western heritage), safety, risk management, teaching methods, and 4-H program management.

State 4-H Shooting Sports Instructors

Level 1 County 4-H Shooting Sports instructors must be trained and certified in the discipline they are teaching at the county level.

Level 2 State 4-H Shooting Sports Instructors must be trained and certified at a National 4-H Shooting Sports workshop in the discipline they are teaching.

State 4-H Shooting Sports Advisory Committee Membership

Membership on the State 4-H Shooting Sports Advisory Committee is subject to approval by the State 4-H Shooting Sports Specialist and the Colorado State 4-H director. Please see Colorado State 4-H Shooting Sports Advisory Committee structure / job description document and application on the Colorado State 4-H website for further information.

Maintaining State 4-H Shooting Sports Certification

To maintain certification all Level 1 County Instructors, Assistant Instructors and Teen Leaders must be enrolled volunteers or members, active two out of three consecutive years. If a certified individual is inactive for two consecutive years, then re-certification is required.

Level 2 State 4-H Shooting Sports Instructor

An individual who is a Level 2 has completed a 40-hour National 4-H Shooting Sports workshop. Level 2 State 4-H Shooting Sports Instructors are eligible to conduct 4-H Shooting Sports programs at the county level as well as train and certify instructors as part of the Level 2 State Instructor Team.

State 4-H Shooting Sports Contest Responsibilities

Proposed rule and event changes will be reviewed by the State 4-H Shooting Sports Advisory Committee. Any rule changes must be approved by the State 4-H Program Director and/or the State 4-H Shooting Sports Specialist. The State 4-H Shooting Sports Specialist or his/her designee shall act as the overall superintendent for the State 4-H Shooting Sports Contest. The state contest superintendent will conduct the state contest in accordance with the current Colorado State Fair Exhibit Requirements and Colorado 4-H Shooting Sports State Championships rulebook while utilizing assistance as needed from State 4-H Shooting Sports Advisory Committee / Sub Committee members and volunteers.

Attendance at National Invitational

Only senior 4-H members in good standing participating in the state qualifying match are eligible to attend the National 4-H Shooting Sports Championships. Participants must also be enrolled in 4-H and the discipline they are competing in the year they participate at the National 4-H Shooting Sports Invitational. They also must not have reached their 19th birthday before January 1 of the year the national event is held. State team members for each discipline will be determined at the state competition. Each team will be made up of the top 4 places with the 5th place as alternate. An individual may participate only once at the National level in any one discipline.

The coach of the invitational team will be a Level 1 certified instructor in the discipline in which they are coaching. The coach of the 1st place participant is eligible to be coach. If they decline the position moves down the placing until the position is filled. The State 4-H Program Director or the State 4-H Shooting Sports Specialist must certify eligibility of all state shooting sports teams, individuals, or groups attending regional or national 4-H events.

Western Heritage Instructor Certification

To become a certified Colorado Level 1 County 4-H Western Heritage project instructor, assistant instructor or teen leader, approved and enrolled participants must have successfully completed a State 4-H Shooting Sports training in one of the disciplines in this project (Pistol, Rifle, Shotgun or Muzzleloader). Pre-requisite certification must take place prior to registering and participating in a Colorado 4-H Shooting Sports Western Heritage leader training. Pre-requisite (Pistol, Rifle, Shotgun or Muzzleloader) certification and Western Heritage certification may be completed in the same 4-H year.

Western Heritage Member Eligibility

All 4-H members must be 9 years old as of the start of the current 4-H year. Members must have at completed at least one project year of

4-H Shooting Sports that includes live fire range experience with a firearm or air gun. No handgun use will be permitted for 4-H members enrolled in the Western Heritage project who are not 12 years old as of the start of the current 4-H year. Members must be 12 years old as of the start of the current 4-H year to participate in the handgun portion of the Western Heritage project. Members must have written permission from parent or legal guardian to participate in this project in compliance with the Gun Control Act of 1968 and the Youth Handgun Safety Act of 1994.

.22 Pistol Membership Eligibility

All 4-H members must be 9 years old as of the start of the current 4-H year. Members must have at completed at least one project year of 4-H Shooting Sports that includes live fire range experience with a firearm or air gun. Members must have written permission from parent or legal guardian to participate in this project in compliance with the Gun Control Act of 1968 and the Youth Handgun Safety Act of 1994.

Cloverbud Shooting Sports Policy

Cloverbud age youth and younger are not allowed to participate in any 4-H Shooting Sports activity which include Rifle, Pistol, Shotgun, Archery, Muzzleloader, Western Heritage, or Hunting disciplines.

Reactive Targets

Targets which make use of, or are composed of live ammunition, explosive chemicals / substances or pressurized containers are never to be used at any 4-H event or activity.

Simulated Combat Sports

- Activities including but not limited to paintball guns, air-soft laser guns, and archery tag equipment.

- Pointing any type of gun including paint ball guns, air-soft guns, laser guns, laser paint-ball archery tag bows & arrows or sighting devices at any person or any humanoid shaped target is inappropriate in any 4-H program or activity.

Regarding simulated combat sports including but not limited to paintball guns, air-soft laser guns, and archery tag

Pointing any type of gun including paint ball guns, air-soft guns, laser guns, laser paint-ball archery tag bows & arrows or sighting devices at any person or any humanoid shaped target is inappropriate in any 4-H program or activity.

Open Carry

The open carry of non-contest related firearms is highly discouraged at State 4-H Shooting Sports Events and Contests.

AR / Assault Platform & Primarily Tactical in design type firearms and air guns

AR/Assault Platform and Preliminary Tactical in design type firearms and air guns are not allowed in Colorado State 4-H Shooting Sports events and activities.
