

COUNTY 4-H GUIDE TO

"4-H HORSE SAFETY 101"

A 4-H HORSE PROGRAM RESOURCE

COLORADO STATE UNIVERSITY
EXTENSION

WHAT?

"4-H Horse Safety 101" is a presentation developed by agents of the Colorado 4-H Horse Work Team. This presentation is designed as a resource for any 4-H Agent or Leader (regardless of equine knowledge) to educate 4-H families on the basic safety principals of owning and riding a horse. The presentation includes interactive review slides, speaker notes as well as supplemental hands-on activities. Presentation time ~ 1.5 hrs

WHO?

Target Audience = New horse project members or owners and/or Horseless Horse project members.

Instructor = 4-H Agents or 4-H Leaders (equine knowledge not required)

WHY?

The horse project is one of the most high risk 4-H projects that Colorado 4-H insures against and horse members cost 2x as much to insure. Providing safety education can lower the associated risk.
